FINGER PRINTS OF LONG BURGLARS ARE SECURED

No arrests have been made as yet in connection with the looting of Mayor J. N. Long's residence on election night, but the police believe they have clues that will lead to definite action in a short time.

Finger prints of the thieves, it is believed there were three, have been taken and they have been submitted to Chief of Police Vollmer of Berkeley and that official's belief, that the men who committed Long burglary are guilty of similar crimes in the east bay cities.

It is the theory of Mayor Long that the burglars were at work when he returned home that night, and that when he and his wife went in the front door the lookout on the outside gave the alarm and the other two who had been at work in the house left by the rear door.

Long holds to his theory that the men were interrupted in their work for the reason that the lower drawer of the dresser of his wife and himself

was not molested. He thinks they had gone through everything in the house and reached that point when he drove into his garage and the lookout gave the danger signal.

It is the Mayor's opinion that if he had not arrived home at the time he did that there would have been nothing left, but the empty house.

That a very thorough search was made of the house is evidenced that the thieves even went under Long's pillow and took his automatic revolver with them, compelling him to expend \$30 in the purchase of another.

Chief of Police Woods is of the opinion there was more than one man in the job, but the roads were carried away in pillow slips as several are missing.

Mayor Long says that an example should be made of the first man caught and that will probably put a stop to the reign of crime in this city. There is talk of adding more men to the police force.

HELMS TO BE HEAD OF RED CROSS THIS YEAR

The reports received last evening at the annual meeting of the Richmond Red Cross Society showed that society to be in a flourishing condition and a vast amount of relief work done during the past year.

The new directors elected for the coming year are: C. J. Cary, Miss Norah McNeill, Levi P. Boswell, Mrs. C. S. Gibson, Dr. C. F. Abbott and A. B. Kurtz. The last named two are the new directors taking the places of Mrs. E. B. Smallwood and Mrs. W. A. Doone, who have removed from the city.

Later in the evening the directors met and organized by electing officers as follows:

W. T. Helms, president; Harry Marcus, vice president; W. L. Ballenger, treasurer; Mrs. L. Osborn, secretary. A. Papadakis who is chairman of the annual roll call committee of the society which takes place during the week of November 14th was present and told of the preparations that were being made for the securing of new members.

GREATEST VICTORY IN HISTORY OF THE PARTY

NEW YORK, Nov. 3.—Belated returns continue to increase the great landslide of the Republicans, Harding has 391 electoral votes, Cox, 127 and there are 13 doubtful, but it is thought most of these will be in the Republican column.

Besides electing Warren G. Harding President it was assured that the Republicans would increase their margin in both houses of Congress and in the Senate, in particular, would change their precarious control by one to a substantial working majority.

All that could be counted in the Cox column were the one hundred and twenty-seven votes from the Solid South.

In many of its aspects the election was very unusual. It developed what may turn out to be the greatest Republican victory of party history.

AIRPLANE SCHOOL IS TO LOCATE RICHMOND

O. H. Mattley, owner and operator of a Lincoln Standard airplane yesterday determined to locate in Richmond, circulating from this city in a modern school of aviation. He will be the official field to be marked up by E. S. Downing and Secretary Wallace of the Chamber of Commerce. The airplane is now stationed at the field and will make its headquarters here. Two of the pilots from San Francisco yesterday obtained quarters and will move to this city. Pilot Edridge noted for service overseas in a report in aviation will have opportunity to fly. For an hour yesterday Edridge gave a series of thrills to Richmond people, circling over the Chamber of Commerce and the Lincoln School.

At a luncheon given in Martin's Grill yesterday, Mattley announced that Richmond will grow quickly into prominence as the best field on the coast and as promised by Secretary Wallace, it will be well advertised throughout the United States. The big marker, a white lime circle 100 feet in diameter and having within letters and figures designated by Col. J. A. Jordan, chief of the Air Mail Service, will be placed today under direction of Mattley, Wallace and R. D. Noble. The latter has a Lincoln Standard machine at Durant Field and will bring it to Richmond within two or three days. A hangar 60 by 35 feet will be erected at First and Ohio streets, opposite the Santa Fe Hotel. This will accommodate the planes of Mattley, Noble and one mail plane, either 151 or 152. Shops and other necessities to make a first-class field will be installed as soon as possible. The dedication of the field will occur

SUGAR IS REDUCED IN PRICE BY REFINERIES

The refined sugar market in San Francisco renewed its decline following a short interruption when all local refining companies reduced the price of the sweetening staple \$1 a hundred pounds effective yesterday. Announcement was made by the Western and the California and Hawaiian Companies that the new basic price for cane granulated is \$11 a hundred pounds. This means that the cost to the consumer will be approximately 13 cents a pound, 1 cent under the figure prevailing during the past few weeks. Beet sugar refiners at the same time cut the price of their product from \$11.50 to \$10.50 a hundred pounds.

within a few days and besides the going aloft of President Pierce of the Chamber of Commerce, the plane will operate up Macdonald avenue from First to Tenth on its own power, the streets being cleared for the event. It is expected that Col. Jordan and two air mail pilots will be here to join in the dedication. A meeting of those interested is to be held and Col. Jordan will be the leading speaker.

Jacuzzi Brothers of Berkeley were represented here yesterday at the luncheon by J. C. Jacuzzi who announced that an auxiliary assembly plant will be established in Richmond and the big new six passenger plane just launched will be held here for service.

Walter T. Varney representing the Lincoln Standard manufacturers of Lincoln Nebraska will be at the field to witness the dedication.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

COUNTRY IS SAVED AGAIN

Early on the morning of November 3rd we jumped hurriedly out of bed, threw up the curtains and eagerly looked out to see if the country was still here, and had been saved. It was still here, all right, and must have been saved or it wouldn't be here. It was a great relief and we were fully glad of it. From what a lot of the politicians said, we were afraid of waking up in a lake of fire, with a lot of little forked-tailed and cloven-footed devils punching us all around with red-hot pitchforks, but luckily we all escaped whether we deserved to or not. There is always something to be thankful for.

We noticed also, that the sun was shining over in the east just as warmly and cheerily as it has been even before Chancey Depew and Lillian Russell were born. The working man was going to work, swinging his dinner bucket just the same, and the rich man was purring along in his touring car, with tires as big as elephant's legs, as usual, and off in the distance was a flock of chickens, and they were scratching for worms and bugs just as intensely as though there had been no election at all, which reminded us that all the rest of us will also have to do the same, for a change in the administration does not alter that good old biblical admonition about getting bread only via the sweat of the face.

We shall be optimistic about it all, enough to believe that politics or no politics the country is going to prosper and times get more or less better all the time, the cost of living diminish, more profiteers gets pinched, more boozers get punished, and man and woman continue to love one another and commit matrimony and replenish the earth as they are commanded to do. Hurrah! There goes the whistle—let's all go to work.

A woman when overheated
Can attain a cool repose
And normal restfulness
By powdering her nose.

The prodigal son don't come back and fill his belly with the husks the swine did eat, any more, nor yet any fatted veal. He goes out west to the mines or oil fields, makes a stake and comes back to the old homestead and pays off the mortgage on the automobile.

Mr. Volstead is a Swede by parentage but he don't drink any of that stuff that Ole has been known to grapple with around the mines and lumber camps.

During the world series games on many occasions men stood in line all night to get a ticket to the game, but nothing like that happened at the shows pulled off by either Mr. Cox or Mr. Harding.

Mr. Gompers didn't seem to deliver that solid labor vote quite as solidly as he predicted he would. The horny-handed son-of-a-gun seems to have voted pretty much as he darned pleased.

They have a new Lord Mayor in Cork now, and don't propose to go on any hunger strikes, but instead will go after all the bread and meat and taters three times a day his salary will permit of.

THERE WILL BE A LEAGUE

Now that the election is over and the campaign camouflage has been packed away in camphor balls for another four years, the politicians will reveal their true sentiments about the League of Nations and the result will be that the U. S. will join the League with such reservations as are thought necessary for proper protection to local interests. Half of those who fought the League during the campaign did so because they had no other issue, and some kind of a red flag had to be waved at the voter to stir up his bile. That this country will become a member of the League next spring under proper restrictions, no one who studies nations and peoples doubts. That another world war shall be brought about by any nation, for any reasons whatever, is not to be thought of as possibly allowable, unless the world has gone crazy, which it has not.

In Revelations the story runs that the powers of darkness are to be let loose to reign a thousand years and looking back at conditions in Europe one wonders whether the reign is just beginning or just ending. Are those nations to continue to descend back to savagery or will the mankind of the world arouse and declare that there shall be no more wars; that there is no such thing as a divine right to rule through the accident of birth that the only real divinity is that which comes through heart and brain and is founded on the rights, not of one man, but of all the people who for over three thousand years now have raised the bread that kings and warlords have eaten, and fought their bloody battles for them.

Holy Writ also says the time will come when the nations will learn war no more. That time should be now, and probably is. Otherwise men will despair and say "there is no God, and revert back to barbarism."

In Nebraska and parts of Kansas they are threatening to burn corn instead of coal. They used to do that, but that was when corn was ten cents a bushel. With corn juice retailing by bootleggers at \$25 a quart, making fuel of corn would sure be burning up money. Probably it had better be burned up than drank, at that.

Nobody will accuse us of not being against red liquor, and the uses of the same as a beverage or to take a bath in, now and forever, but—degenerate it. Thanksgiving is looming up over the horizon and with it must come not only the turkey but the pumpkins, a part of the same being fruit cake and mince pie, and both with a kick in 'em. Now, what should a fellow do—eschew that Thanksgiving pie, or bust the constitution of the United States?

There is one credit we will have to hand to the Soviets of Russia, but that is the only one we know of when we sent them over a bunch of short-mouths as deportees they immediately put them to work, something we were never able to make them do in this country.

We prophesied some time ago that an Ohio editor would be elected president of the United States and that is just what happened. We're some prophet. If we went into it as a business, we would cut about as often as MasSany did.

We used to hear a good deal about the short vote, but now that the ladies have got in there of course can be no more of that.

Newspaper Story In Film Attracts Crowd to Theatre

Dealing with a theory of mental phenomena that is declared to have attracted the attention of the editorial boards of the latest issue of "Go and Get It" is at the Richmond Theatre today. The title is taken from a quartet of every newspaper man—"Go and Get It." The story is a most truthful picture of a newspaper reporter's work. On the same bill is a Pathe News reel and a comedy.

The audience will be mystified and thrilled by the unusual events that line the path of the reporter who is told to "Go and Get It". The entire plot of "Go and Get It" which will be shown at the Richmond Theatre is based on this scientific phenomenon although the story is a most truthful picture of a newspaper reporter's work.

Wilbur Players Score Hit at The Big Canvas

The Dick Wilbur Players opened last night to a packed tent and the play presented "Within the Law" was thoroughly enjoyed by every one. Each player in the company was up to the standard set by the show when here on their last visit, "Within the Law" will be played again tonight. The vaudeville between the acts was also very good and an excellent jazz orchestra kept the audience in good humor during the intermissions and before the show. On Friday night an en-

tire change of program will be offered. One of the most beautiful stories ever staged will be produced entitled: "The Trail of the Lonesome Pine," a wholesome story of the Virginia mountains. This popular play will be played also on Saturday night and "The Cowboy Girl" goes on Sunday. American most delightful comedy Peg O' My Heart" will be featured on next Tuesday night.

Wilbur Players are playing in their own tent theatre which is located on 8th and Bissell Ave. The tent was comfortably heated last night.

GLASS OF SALT IF YOUR KIDNEYS HURT

Has less meat if you feel Backache
Have Bladder trouble—Salts
fine for Kidneys

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular waters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, rheumatism in the back or sick headache, dizziness, your stomach

sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy full of sediment; the channels often get irritated, obliging you to go to the toilet.

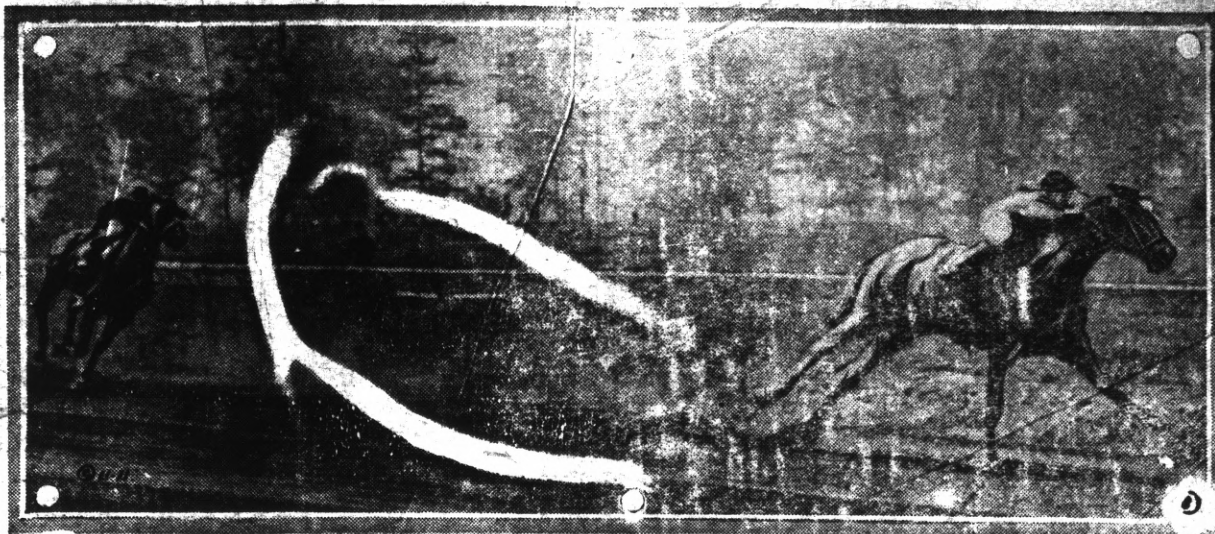

To neutralize these irritating acids and flush off the body's urine is waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. The famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandmother's Sage Tea and Sulphur recipe and nobody can tell Brush it through hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of Wyeth's Sage and Sulphur, Compound, which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Fall and Winter

These Charts Show Why Your Electric Light Bills Are Higher Now Than In Summer

Study the above charts. The one at the left shows the relative number of hours of daylight and darkness and the hours of use of Electric Light in each day during the Spring and Summer.

The chart at the right shows the same comparison between darkness, daylight and hours of use of Electric Light, but for the Fall and Winter months.

You will notice that there is two-thirds more darkness in each day during the Fall and Winter than in the Spring and Summer, and, that on account of it, it is necessary to use your Electric Light nearly three times as much every twenty-four hours as in the Spring and Summer.

It is only natural, therefore, that with this increased consumption of Electricity for lighting, your Electric Light bills will be somewhat higher.

BOILS And High Blood Pressure

Oakland, May 17, 1929.
"From boyhood I have suffered from boils due to impure blood. My blood pressure was so high that for a long time I had severe headaches and my body was continually wet with excess perspiration."
"After having been treated by many doctors, I finally found who cut my boils open in a fruitless attempt to cure them. When he had cut me about twenty-five times, I quit. I then tried a mild remedy in the form of the **WON CHINESE HERB TEA**. I took the herb tea faithfully for about three months, during which time my blood was **THOROUGHLY CLEANSED OF ALL IMPURITIES**. When my blood had thus become pure and rich, my boils automatically disappeared, and my blood pressure also became normal. I therefore no longer suffer from either headache or excess perspiration."

NAMES ARE SUGGESTED TO MAKE UP CABINET

WASHINGTON, Nov. 3.—Discussion of cabinet possibilities followed close today upon election of Senator Harding.

Apparently well-founded reports named Elihu Root as the likely Secretary of State. It was intimated that Root would be selected to guide the work of setting the treaty and League of Nations negotiations with foreign powers and that after this was accomplished he would retire.

Governor Frank O. Lowden of Illinois was mentioned as a possible secretary of commerce or head of the treasury department, with the former post more likely.

Herbert Hoover's name was heard persistently as the possible secretary of the Interior and Henry Wallace of Iowa, publisher of a farm newspaper, was being talked of as secretary of agriculture.

For secretary of war, it was learned that Lindley M. Garrison, who held the post at one time under President Wilson and who had a difference of opinion with him, could be considered.

The organization ability of Will H. Hays, chairman of the Republican National committee, caused him to be mentioned for the postmaster generalship.

Nothing authoritative has come from Harding or any of his close advisers as to the probable cabinet selections.

Two names heard with great frequency are those of Harry M. Daugherty, Senator Harding's pre-convention manager and John W. Weeks of Massachusetts.

Another name mentioned frequently in connection with the Attorney Generalship is that of former Senator George Sutherland of Utah. George W. Wickham of New York, a former Attorney-General, has been mentioned in speculation about both the war and justice portfolios, and Senator James W. Wadsworth of the same state, chairman of the military committee of the Senate has been talked about as a possible Secretary of War.

For Secretary of Agriculture, those who think they know are suggesting Henry Wallace of Iowa, publisher of farm periodicals; Senator Arthur Capper of Kansas and many others. Representative John J. Esch of Wisconsin is one of those suggested for Secretary of Commerce and in general speculation about cabinet assignments of one sort or another have appeared the names of Senator Albert B. Fall of New Mexico, Senator Snoot of Utah and others.

The possibility that a woman may sit in the cabinet before the next administration is over has been suggested by the Senator's proposal for a new department of public welfare. In a speech some weeks ago advocating such a department he declared his faith in the entrusting of im-

THE BEST PROOF

Given by a Richmond citizen. Doan's Kidney Pills were used—they brought benefit.

The story was told to a Richmond resident.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony.

The proof convincing.

It can be investigated by Richmond residents. Ask your neighbor.

Mrs. O. F. Barley, 612 8th St., Richmond says: "I think the drinking water is what weakened my kidneys some years ago. I had constant pains in the small of my back and at night I was restless and unable to sleep. I was very nervous and had backaches and dizzy spells. I read about Doan's Kidney Pills and two boxes from La-Molne's Drug Store cured me of the attack and I never felt better." (Statement given May 31, 1916.)

On Jan. 22, 1920, Mrs. Barley added: "I have had no trouble with my kidneys since Doan's Kidney Pills. I always recommend Doan's. I know they do what is claimed for them."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Barley had. Foster-McLburn Co., Manufacturers, Buffalo, N. Y.

Neighborhood Row Result in Arrest Of Joseph Rosetto

As the result of a row in the neighborhood of Bulldog Joe's place on the west side, the police last evening arrested Antonio Rosetto, on a charge of disturbing the peace. The charge was preferred by Joe Smith. Smith claims that Rosetto has been threatening him, and that he is afraid of his life.

FRUIT GROWERS TO MEET

FRESNO, Nov. 3.—The fifty-third fruit growers and farmers' convention of California will open in Fresno on November 9 for a four-day session.

Important social welfare work to women.

Among other names whispered in connection with the post of Secretary of State are those of Henry Cabot Lodge, Philander C. Knox and Charles Evans Hughes. The name of John T. King, national committee man from Connecticut also has been connected with the attorney-generalship.

There also has been a theory circulated that Senator Harding might prefer to put the reorganization of the war department in the hands of an army man instead of a civilian, and might ask Major-General Leonard Wood or General John J. Pershing to take that portfolio.

Union Oil Ships Brings Cargoes of Seattle Water

All the way from Seattle twenty million gallons of water have been brought to Oleum in the great tankers of the Union Oil Company.

When the supply of fresh water at Oleum was reported low last April the oil company began the practice of bringing home full tanks of Cedar river water purchased from Seattle. Heretofore it has been the custom on tankers, when the oil is discharged to open the sea cocks and take in a ballast of salt water. In some instances the tankers have been loaded in southern ports with molasses.

The Union Oil Company during October received five million gallons of the Seattle water and for the whole summer purchased four times that amount.

TWO WOMEN INJURED IN AUTOMOBILE CRASH

PETALUMA, Nov. 3.—Dr. Ruth Huffman and her daughter Miss Ruth Huffman are being congratulated today on their miraculous escape from serious injury, if not death last night when their coupe was struck and overturned by a speedster driven by Fred Peters. Peters received painful cuts and bruises. Dr. Huffman and Miss Huffman incurred slight cuts and bruises.

CASEY NOSES OUT CONNORS IN FIGHT FOR SUPERVISOR

In one of the closest and most hard fought supervisory contests ever waged in this county, J. P. Casey of Port Costa was re-elected yesterday to the post of supervisor over his opponent J. A. Connors of Crockett by the narrow margin of 77 votes according to complete unofficial returns from the 13 precincts comprising the district. The total vote was the victor in the race definitely Connors.

The race was watched with exceedingly great interest not only by residents of the district but by many individuals in other sections of the county. Not until noon Wednesday was the victor in the race definitely known. Danville precinct was late in reporting. Without Danville Supervisor Casey had a vote of 1085 and Connors 1082. Danville gave Casey a good majority.

The vote by precincts was as follows:

S. P. RAILROAD TO SELL OIL LANDS

The Southern Pacific Company proposes to separate its California oil lands from the railroad and also to divest itself of its stockholdings of Associated Oil and other subsidiary oil companies—in short, the long predicted melon-cutting for the stockholders of Southern Pacific and presumably for the stockholders of the Associated Oil Company as well, is at hand.

The story broke in New York where a special meeting of the board of directors was held. Immediately thereafter the following notice was given to the press:

"At a special meeting of the Board of directors of the Southern Pacific Company, held today the board passed a resolution approving the general principle of the separation of its California oil properties and its stockholdings in the Associated Oil and turned the subject over to the executive committee to work out an appropriate plan. The board intends that the benefits from this arrangement shall inure to the stockholders and advance notice is given for his protection. Chairman Executive Com-

mittee." The Southern Pacific owns or claims ownership of 162,063 acres of oil lands in California and it also owns 51 per cent of the capital stock of the Associated Oil Company, which owns 40,556 acres in fee and leases, 41,705, acres in California mineral locations covering 3,363 acres of oil land. The California Texas and Wyoming, besides holding oil lands owned or controlled by the Southern Pacific have been valued as high as \$150,000,000.

As for Associated, it controls 17 subsidiary companies operating in this and other states and it represents, according to the most recent balance sheet, assets valued at \$88,112,726. The par value of the stock of the Associated Oil Company is \$100 a share, and it sold yesterday on the stock and bond exchange up to \$120. There are 397,560 shares outstanding. The Associated owns and operates two refineries, one located at Gaviota and another at Aron, with pipe lines covering fully the best producing oil territory in the State.
